

Casa Pinti

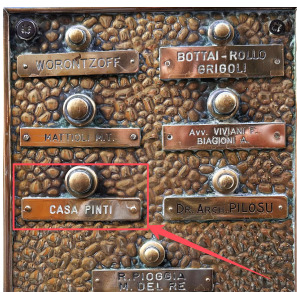

Luggage storage — arrival

Borgo Pinti 54, Firenze

Avoid leaving any valuables in the snug room: it is not highly secure and can be accessed by others.

1 · The main door

To leave your luggage first open the building's main door, located in Borgo Pinti 54, ring the bell **CASA PINTI**, the door will open after a few seconds.

2 · The stairs

Reach the third floor, take note that there is no door in front of the stairs. Please be mindful of your luggage brushing against the recently painted walls.

3 · The snug room

On the apartment's floor there is a snug room. Open the door using the code sent separately and place your luggage inside, then make sure you lock it.
